### USB QuickConnect<sup>®</sup> 12-In-1 Camera Kit

**24 Karat Quality Hi-Speed Combination USB/Network Cable that connects your computer to any Hi-Speed USB camera.**

No longer do you have to purchase multiple cables when you are connecting your various USB cameras! The **QuickConnect™** series from **GoldX** Products now provides you with two new ways to connect multiple USB configurations within one package to fit all your camera needs. All you have to do is choose the appropriate connectors for your specific purpose connecting your Computer or USB Hub to your Digital Camera, PDA, Cell Phone, Printer, Scanner, Digital Video Camera to Digital Video Camera - doesn't matter! Also included with this cable is a connector case for convenient storage of the USB connectors not in use.

#### USB High-Speed 2.0 Benefits

Hi-Speed USB (v2.0) peripherals transfer data up to 40 times the speed of USB v1.1. As a result, the Hi-Speed USB cables have to be designed to withstand this barrage of information. Ensure the integrity of your camera data by using Hi-Speed USB cables from GoldX™ Products. Our Hi-Speed USB cables include a foil and braid shield for a higher level of protection from electronic interference. We also have 30 microns of gold on the connectors to ensure a high level of conductivity between the cable and your Hi-Speed USB peripherals or Host.

#### Featured Product Benefits

- Premium Quality
- Detachable Connectors for added convenience
- Foil and Braid Shielding to reduce EMI/RFI interference
- Designed for Low, Full and Hi-Speed USB transmissions for optimal performance
- Compatible with Sony, Panasonic, Canon, Sharp, Kodak, Nikon, Olympus, Pentax, Toshiba, Konica, Minolta and More

**HI-SPEED 2.0**
